Worn by Seven Nations

Adler-Rochester clothes are now worn by well-dressed men of seven nations, for the styles are the world's best styles. The Adler-Rochester fabrics always show the season's most popular patterns. The Tailoring is utter perfection. These clothes show the highest attainment in the tailoring art. They are made for men who care—for the men who want the best. Suits and overcoats from \$18 to \$30. That means for clothes made with infinite care. The making cost is four times what some makers spend. But we are just as careful in our choice of inexpensive clothes. The man who wants to pay from \$12 to \$18 can get here just as much for the money as he can in the Adler-Rochesters. Our chief aim is to sell clothes which will bring the men back the next season. For young men we have a special department, where the styles and the patterns are what young men want. For boys we have another department. We make a specialty of clothes that will stand a boy's rough usage. And the boys will be proud of the of the clothes. Boys' suits from \$2.50 up.

Please Come And See

For you who want shirts we have a myriad of new patterns—50c to \$2. Better come before the patterns you like best are taken. For you who want hats we have soft hats and derbies—hats for young and the older. Soft hats are rather the vogue now, so we have an unusual showing. We have fleeced-lined underwear as low as 50 cents per garment. And we have anything else that suits you. Please come and see.

ANYONE CAN DO THIS.

Five years ago a stonecutter wanted to buy a farm near enough to Barre so he could drive in to the city and work a part of the time. He had nothing with which to make a payment, consequently could not get a start. His wife attended an auction sale of lots, purchasing two lots at \$130.00, making a payment of \$10.00 and agreeing to pay the balance monthly. They made only the first payment, however, when they traded the two lots toward a farm at \$450.00, which price gave them an equity in the lots of \$330.00 and the farm owner considered this amount satisfactory as a first payment. In this way they got their farm and to-day are easily worth \$1,500.00 to \$1,800.00. They would have had nothing except rent receipts if they had not made a start. There are hundreds who have started in this way. You can. Attend the auction sale at Goldbury Park this afternoon and to-morrow.
